Contact us to get FREE no obligation support, advice or to arrange for one of our engineers to visit. Commercial solar Rayotec Ltd offer bespoke service packages which are tailored according to the scale and requirements of your system.

Rayotec can help you if you have solar panel system installed over a roof which needs to be replaced or repaired. We can decommission your solar system, remove it, store it safely onsite and come back to reinstall the solar panels once the roofing work is complete.

For a quotation please send us a floor plan or dimensions. For electric underfloor heating we will need details of the floor covering (i.e. laminate, engineered wood, tiles, carpet, Amtico etc.) and the subfloor. For water underfloor heating we need details of the subfloor construction, Manifold position and heating source (i.e boiler, air source heat pump etc.)

For a free email/ telephone assessment and fault finding of a solar PV system please give us details of fault, inverter error code (if possible) and approximate age of system. For solar hot water just give us a description of your fault.

We are a family-run, local solar specialist company, established in 1987. We have a network of qualified solar engineers and are experienced in working with both domestic and commercial solar systems. Contact us if your solar system has a fault, is damaged, needs servicing or regular maintenance.

Family Run Business, Operating for 3 decades, Which? Trusted Traders - Rayotec Limited is a family-run business now in its second generation. Established in 1987, we have been operating in the renewable energies industry and have installed and serviced thousands of domestic and commercial Solar Hot Water and Solar PV systems throughout the UK. Also, as Which? Trusted Traders, we underwent a thorough assessment of all our business processes and procedures and a review of our financial health to ensure that our customers interests are put first.

Close to Home, Quick Response - Rayotec is based in the South East of England and offers expert, local advice and servicing for all Solar Energy and Solar Thermal systems at very competitive prices throughout the Home Counties. We cover the Greater London area, Hertfordshire, Buckinghamshire, Middlesex, Surrey, Sussex, Hampshire, Berkshire and Kent.

Solar panels are a valuable investment into your future and you need to know that you are benefiting from the best return on that investment. Rayotec Ltd offer bespoke service packages which are tailored according to the scale and requirements of your system.
