The Vertiv Liebert GXT5 UPS is an online double conversion UPS solution which offers premium power outage protection and continuous power conditioning in a compact and flexible deployment systems. It provides battery health status and replacement date prediction for intelligent battery health management.

This 10kVA on-line tower UPS provides pure sine wave power and extended runtime to support critical electronics during power disruptions. It comes with hard wire 3-wire (1P+N+E)/5-wire (3P+N+E) input, 6x IEC 320 C13 and 4x IEC 320 C19 outlets, and 3x IEC jumper cables.

Smart battery management charging technology increases battery life up to 50% and replenishes battery charge from 0-90% in five hours. The OL10KRTHW enhanced LCD control panel functionality provides the ability to change the IP address, view UPS load energy consumptions, and select UPS diagnostic tests.

This 10kVA on-line 6U rackmount UPS provides pure sine wave power and extended runtime to support critical electronics during power disruptions. It comes with hard wire 3-wire (2P+E) input, 2x NEMA L6-30R and 4x NEMA L6-20R outlets. The UPS has an embedded Network Management Card for UPS network-based monitoring and management.

The CyberPower Smart App Online OL10KRTHW is a 6U rack/tower UPS featuring double-conversion topology for seamless power protection, an intuitive maintenance bypass switch design, and a pre-installed RMCARD205. Ensure maximum efficiency and capacity output with a Power Factor rating (PF) of 1. The energy-saving GreenPower UPS(TM) ECO Mode enables up to 97% efficiency while reducing power consumption and thermal dissipation. Smart battery management charging technology increases battery life up to 50% and replenishes battery charge from 0-90% in five hours.

Variable 4-speed fans provide automatic thermal management, based on power load, to reduce noise. A tamper-proof input circuit breaker ensures power is not turned off unexpectedly during service or maintenance. The OL10KRTHW simplifies installation with a quick start guide, user-friendly lifting straps, and an enhanced hanging rack mount rail system.

The optional BP240VL3U01 Extended Battery Module expands runtime and speeds restoration of full backup power. The OL10KRTHW comes with a three-year warranty (including batteries) and a \$300,000 Connected Equipment Guarantee.

FCC Part 15 Class A Environmental ROHS Compliant Warranty Product Warranty 3 Years Limited Extended 2-Year Warranty Optional WEXT5YR-U20C Connected Equipment Guarantee Lifetime CEG Amount \$300,000

Often a UPS is installed in a hard-to-reach area, such as a crowded IT closet, the bottom of a rack, or on the

10 kva ups with battery price

floor. A removable LCD control panel allows for easy access and can be placed up to ten feet away from the UPS when connected by a DB26 cable (sold separately). With an RMCARD205 installed, the LCD control panel will display and allow configuration of IP address settings.
