Free mainland next day*delivery on all orders over ?100 Ex.VATEnjoy free next working day delivery on all orders over ?100 ex.VAT excluding 1m+ & Pallet deliveries. All orders under ?100 will have a delivery cost of ?6.95 Ex VAT.

There are some geographical areas that we are unable to offer next day delivery as standard, such as the Scottish Highlands. We are unable to guarantee next day delivery to the following post codes AB31, AB33-38, AB44-56, IV, HS, KA27-28, KW, PA20-88, PH17-26, PH30-44, PH49-50, TR21-25 and ZE.

DPD Tracking & 1 Hour delivery windowWe partner with DPD for all of our deliveries excluding 1m+, fragile, batteries, & pallet deliveries. All DPD items are sent by express tracked next day service with a dedicated one-hour delivery window. On occasion, and to improve your delivery service, we may use alternative courier services.

Batteries & Fragile GoodsFor fragile goods such as batteries, lamps, and light fittings, we try to use a local delivery service where possible. Regardless of the courier, your goods will be thoroughly packaged to ensure they arrive in the best possible order.

1m+ Length deliveriesProducts 1m+ need a special delivery method with a cost of ?35 ex.VAT per bundle. We aim to provide a next working day service for 1m+ deliveries, however, it may take 1-2 working days.

PalletDeliveriesLarger products require a pallet delivery in order to safely ship these products to you. Pallet deliveries are ?150 ex.VAT and can take 1-3 working days but, in most instances, arrives in 1-2 working days. We endeavour to keep you updated on your delivery, however, please be advised that this might just be a named day service within normal working hours.

Whilst every effort is made to ensure that the stock availability of products displayed on the site is accurate; all goods are subject to availability. If on receipt of your order we find the goods you have ordered are no longer available from stock, we will inform you as soon as possible.

As a supplier of over 45,000+ products, there might be a time where you spot something that's not quite right. If you spot this before we do, please contact us so we can look into this for you.

This is not attributed to the efficiency of a solar inverter as it has a long time lifespan. It is more environmentally friendly and consumes less energy to maintain power in a controlled time, and it saves money on energy maintenance. This is not only for the long times, but it can also be used all over the world.
