

# 12v 100ah lithium battery lifepo4

12v 100ah lithium battery lifepo4

**ABOUT THE PRODUCT:** Ultramax 12v 100Ah SMART LITHIUM PHOSPHATE LiFePO4 Battery With Bluetooth Communication Function for Leisure, Solar, Wind and Off-grid 12 volt etc. These batteries are also excellent for use in motorcycles, snowmobiles, jet skis, Motorhomes, Leisure, Marine, Caravan, Mobility Scooters, Toy Car, Electric Bike, etc., because they do not need maintenance during the off season. Ultra-light, high-performance battery that is 7% lighter and lasts 10X longer than a standard battery.

Lithium batteries offer:- High energy density: more energy with less weight;- High charge currents (shortens the charge period);- High discharge currents (enabling for example electrical cooking on a small battery bank);- Long battery life- Low self-discharge of just 3% per month- High efficiency between charging and discharging (very little energy loss due to heat development);- And higher continuous power available is comparatively more environmentally friendly with no heavy metals or toxic materials used.

**FUNCTIONALITY:** Monitor one or more batteries" working status on your smartphone through our Android App (UMXLI BMS) or IOS app (UMXLI Battery). You can monitor:- Battery Pack Voltage- Battery Pack Draw Current- Battery Charge State- Battery Discharge State- Battery Cycles- Battery Temperature- Designed Capacity- Remaining Capacity- Advanced Cell Voltage Display

**BATTERY MANAGEMENT SYSTEM (BMS):** The Ultramax lithium battery is fully protected by a sophisticated and specially designed lithium battery management system (BMS) that constantly monitors every cell to ensure the battery is always optimized for the best performance and life.

**BATTERY STORAGE:** The battery can be used in any position as it is non-spillable. There is no equivalent to sulfation and the batteries can be stored in any state of charge without worry of degradation. We recommend 50-100% charge before storage. Please note: Bluetooth functionality can drain your battery, therefore your battery needs to be charged regularly and the terminal voltage must not drop below 8V. We recommend charging when on standby once every month. Your battery can be damaged irrevocably if not charged.

**RETURN POLICY** If you are not completely satisfied with your purchase, please return the item to us in its original condition within 7 days of the receipt. Contact us ? If you have any questions or enquiries.

**Feedback:** Once you have received your goods please leave positive feedback. This will not only tell us you have received your goods, but it will also allow us to leave feedback to you to complete the transaction. If for some reason you are not happy with your goods or any other problem, please contact us before leaving negative feedback so we can sort out the problem. We are only human, and occasionally things do go wrong but we are committed to improving your experience. Happy shopping. Thank you

**DELIVERY INFORMATION:** Fast Delivery by Courier - usually next day, but sometimes it may take 2 days

## 12v 100ah lithium battery lifepo4

from when you pay (No weekend dispatch or delivery) \*\* NOTE: Deliveries Costs are to UK Mainland ONLY!!!! Scottish Highlands and some other areas of Scotland (\*incl. AB31+ postcodes), ALL Islands or N eland are Additional costs. PLEASE EMAIL BEFORE PURCHASE IF YOU REQUIRE YOUR ORDER TO BE DELIVERED TO ANY OF THE AREAS MENTIONED ABOVE. \*Customers in Scotland need to email with their postcode for delivery costs as prices vary.
