

24Ah Sonnenschein Golf Battery

24Ah Sonnenschein Golf Battery

Sonnenschein is owned by the battery manufacturing giant Exide. With over 130 years in the battery business, Exide are known for their quality in the industry. Sonnenschein were one of the first companies to develop VRLA GEL batteries and to this day they are still a popular choice due to their high quality range of products.

Sonnenschein Dryfit Batteries are compact and versatile, ideal for use in a range of deep cycle applications including solar, golf, mobility, commercial, telecoms, marine and much more. They offer optimal performance with their high cyclic endurance and are maintenance free so you never need to top them up. They come in various different ranges to suit many applications.

The Sonnenschein GF-Y Bloc battery range is designed for mobility and leisure purposes. It is perfectly suited for wheelchairs, scooters, golf carts and numerous other light traction applications.
