

## 24v 100ah lithium battery pack

24v 100ah lithium battery pack

o Drop-in Replacement for 8D Battery (20.5x9.4x8.6 in) o 100% BMS Protection & 3% Low Self-discharging Rate o 2560Wh Energy, 2560W Output o 3 Charging Methods (LiFePO4 Charger/Solar Panel/Generator) & 10X Charging Efficiency o Max. 4P2S, Up to 20.48kWh o IP65 Waterproof Grade o Suitable for Solar System, RV, Camping, Marine, Off Grid Applications o 2000+ Cycles at 100% DOD & 8000 Cycles at 50% DOD o 10 Years Warranty o Free Delivery & Dedicated Online Service o Designed for Energy Storage, Instead of Engine Starting

Quick ship & perfect fit in my trusty old 2005 Suzuki Grand Vitara. Arrived fully charged. Price was much better than any local competitor. Only time will tell how long this will last, hopefully similar to others I've had in this car which averaged over 6 years.

The RELiON RB24V100 24V 100Ah LiFePO4 Lithium Battery from Nomadic Supply Company® is perfect in many applications, including marine and electric vehicles. It maintains consistent power and is equipped with an M8 terminal type and built-in overcharge protection. All RELiON LiFePO4 batteries have installation flexibility, fast-charging capabilities and are maintenance free.

The RELiON RB24V100 is a 24V, 100Ah group lithium iron phosphate (LiFePO4) deep cycle battery. This group size 8d powerhouse battery is perfect for 24V marine applications with high power demands. It maintains consistent power and is equipped with an M8 terminal type and built-in overcharge protection, making it perfect for your marine adventures.

RELiON lithium batteries charge much faster than traditional lead-acid batteries, and they're packed with more usable energy and up to 10 times longer life so you're always ready to go!

RELiON lithium batteries are maintenance-free – no watering, no corrosion. Low self-discharge means the batteries don't lose capacity when they're idle, assuring that you have the energy you need, every time you need it.

Partial state of charge, known as PSOC, which is a killer of lead-acid batteries, does not affect performance or battery life of a lithium battery. Sometimes batteries don't get fully charged, or they regularly operate in a partial state of charge. Either way, you can count on RELiON lithium batteries living a long and productive life.
