

25 kWh lithium-ion battery

25 kWh lithium-ion battery

EG SOLAR is the leading Supplier for Rechargeable Lithium type batteries. EG SOLAR is your best battery partners. No matter you are looking suppliers as Lithium battery manufacturing, or you need sell a realiable brand Lithium ion batteries. EG SOLAR is here ready to help.

Designed specifically for home solar energy storage systems, the 25kWh battery pack is a highly efficient solution. It consists of 5 pieces of 48V 100Ah batteries, providing a total capacity of 48V 500Ah in a compact rack cabinet. The battery pack is designed to fit seamlessly into a standard 19" server rack.

With a long lifespan and a substantial energy capacity of 25kWh, the Coremax 25kWh lithium battery bank offers exceptional performance. Despite its impressive power, it remains lightweight and occupies minimal space during installation.

One of the advantages of sourcing directly from our factory is the competitive pricing we offer for this 48V 500Ah battery system. Rest assured that you are receiving a high-quality product at a cost-effective price point.

CMX as a leading server rack and Powerwall Home Battery Manufacturer in China. We focus on LiFePo4 battery, known as LFP battery, which is the longest lifecycles and safest chemistry of all kinds of lithium battery. Our home Battery Backup reach 8000 cycles at 100%DOD. Coremax offer very good price with top quality, our powerwall home battery is 10years warranty. our battery compatible with nearly all kinds of Inverters, SMA, Solar edge, Sunny island, Deye, Growatt, Goodwe, Outback etc. look for distributorse

25 kw solar system Lithium-ion based residential energy storage has been around for a couple of years. There are also open concepts that work with most solar battery technologies and any existing grid connect inverter, such as sma solar battery Storage System or any other brand existing retrofit solar system.

This 48 Volt 25 kwh battery pack design for Solar Power Systems Battery Storage. 48v 500Ah is built-in high quality BMS battery management system, which can manage and monitor cells information, including voltage, current and temperature etc. Also, our BMS can balance cells charging and discharging to extend cycle life. Multiple batteries can connected in parallel to expand capacity and power in parallel for larger capacity and longer power.

Shipping heavy Lithium battery storage system is a challenge oversea. Thanks to professional packing and

25 kWh lithium-ion battery

shipping company cooperated with Coremax. All batteries and accessories well packed with thick foam and in wooden case. The best way to protect it from damage during shipping.
