

3 5 kva hybrid inverter settings

3 5 kva hybrid inverter settings

The Fivestar 3.5KVA MPPT – 24V Solar Hybrid Inverter is a reliable solution for overcoming load shedding. With its pure sine wave output and integrated solar controller and UPS, this inverter is designed to work seamlessly with a 24V lithium battery. It comes with a communication cable and user manual for easy setup and operation.

The Fivestar 3.5KVA MPPT – 24V Solar Hybrid Inverter is a high-quality and efficient power solution that combines a pure sine wave inverter, solar controller, and UPS functionality. With a voltage input of 24V, this inverter is specifically designed to provide uninterrupted power supply during load shedding situations.

Included with the inverter are a communication cable and a user manual, which provide easy installation and operation instructions. The comprehensive user manual offers detailed information on various settings and features, allowing you to customize the inverter according to your specific requirements.

With the Fivestar 3.5KVA MPPT – 24V Solar Hybrid Inverter, you can enjoy a reliable and uninterrupted power supply, reduce your electricity bills, and contribute to a greener environment by harnessing the power of solar energy.
