

380 watt mono solar panel

380 watt mono solar panel

Founded in 1997, Trina Solar is the world's leading comprehensive solutions provider for solar energy. We believe close cooperation with our partners is critical to success. Trina Solar now distributes its PV products to over 60 countries all over the world. Trina Solar is able to provide exceptional service to each customer in each market and supplement our innovative, reliable products with the backing of Trina Solar as a strong, bankable partner. We are committed to building strategic, mutually beneficial collaboration with installers, developers, distributors and other partners.

Solaris is a leading online solar energy supply store serving American homeowners and businesses. We design and supply quality Solar Power Kits, both preconfigured and custom tailored for your needs. Our wholesale pricing reflects the relationships we carry with the manufacturers we stock, ensuring the best deals for our customers.

We carry everything you need for your grid-tied or off-grid system, including plans, permits and diagrams. Our Solar Panels, Inverters, Racking and Mounting are second to none in quality, reliability, efficiency and lifespan. When going solar with us, we help you every step of the way in sourcing the products that matter for your investment.

Solaris is a leading online solar energy supply store. Since our inception, we have steadily grown to become one of the most robust solar energy dealers nationwide. We provide a large variety of products, custom designed solar electric systems, and superb technical support throughout your installation.

Solaris-shop designs, supplies, and delivers complete solar energy systems for homeowners, and installers. We use only the highest rated manufacturers in our design layouts, customized for your specific needs and requirements. We have a commitment to excellence for our valued customers, offering wholesale pricing that ensures a powerful return on your investment, for years to come.

The LONGi HPH Series combines High Efficiency, Low LID Mono PERC cells with Half-cut Technology to improve performance and boost production. This module series has a max system voltage of 1500V and a UL Type 4 Fire Rating. 35mm frames reduce weight while still providing the strength and resilience needed to rate 5400Pa for front side static loading and 2400Pa for rear side static loading. LONGi solar panel reviews are generally quite favorable and we hope that you'll like this model as well.

A low 0.55% annual degradation rate after an initial first-year degradation of less than 2% results in a performance guarantee of no less than 84.7% of the nominated power by year 25. However, LONGi Solar 380W doesn't stop working after this and keeps on supplying you with green energy.

The module's 35 mm frame design reduces the panel's weight while boosting performance and production. It

380 watt mono solar panel

is able to withhold a heavy snow load up to 5400 Pa and wind loads up to 2400 Pa. This 380 watt solar panel is capable of surviving even a hurricane.
