

3kva inverter for sale

3kva inverter for sale

This versatile 3kVA generator has 2x 230V sockets making it ideal for domestic and leisure, with a 4-stroke, 5.6HP engine it provides a reliable source of power for a wide variety of applications such as onsite catering, stalls/fêtes, school/church, sports events etc.

The large 15 litre tank provides 8.2 hours running at $\frac{3}{4}$ load, whilst the automatic voltage regulation (AVR) enables sensitive electrical equipment to be used such as laptops, televisions, tablet computers etc.

A 12V DC output facility can be used for battery charging. Encased in a protective steel frame it features a volt meter, fuel level gauge, low oil cut-out and 2 x 230V 13Amp domestic sockets.

This open framed inverter generator is powered by a 212cc 4-stroke engine and provides 230V AC and 12V DC power. The high 3.4kW AC power output, 8-hour (75% load) continuous running time and strong frame...

The IG4000 from Clarke is a powerful generator featuring inverter technology to provide pure, stable power for computers, tools and other sensitive equipment. With a maximum output of 3.8kW and a continuous...

The Euro 5 Compliant IG2200A from Clarke is a powerful, portable generator that features inverter technology to provide pure, stable power for computers and other sensitive equipment. With a maximum output...

The IG1200D Inverter generator range from Clarke has now been recertified to comply with recent EURO 5 Emissions Directive criteria. EURO 5 compliant engine driven ranges meet EU/2016/1628 regulations,...

These days we all rely on a multitude of electronic products and gadgets at home and on our travels. To safely power the latest equipment wherever you are Honda's EU generators use sophisticated Inverter...

The Clarke Inverter generator range has now been certified to comply with recent "Euro 5" emissions directive criteria. The IG950D remains the powerful, lightweight & quiet portable generator providing...

Ideal for on-site trade use the Clarke IG1700F is a frame-mounted petrol generator that can deliver up to 1.7kVA of power. This unit benefits from two 13A, 230V output sockets combined with an economy...

The Honda EU32i benefits from a Honda GX130 engine, a design dedicated to this generator, to ensure reliability, efficiency and power. This model has a maximum output of 3200 Watts making this product...

For when power really matters, choose the Clarke Power 7.5kW Inverter Generator 230V. Utilising inverter technology, the powerful 459cc 16HP petrol engine delivers a Max Rated Power 7.5kW and Continuous...
