REVOLUTIONIZING RESIDENTIAL ESS! BigBattery's 48V ETHOS systems are here, and this 40kWh outdoor configuration is the ideal solution for grid-tied power in your multi-room family home or multi-level mansion, supported by comprehensive safety, reliability, and state-of-the-art features.

But that's not all. We pair this ETHOS system with 2 cutting-edge 12000W Lux inverters, which feature their own LCD touch screen displays, 3 MPPT inputs each, integrated UPS modules for seamless on and off-grid switching, and the ability to handle PV arrays of up to 36000W. Plus, through their smart load control, AC coupling abilities, and peak shaving functions, you can meet your power needs and protect your home against unstable grids or rolling blackouts, while seeing huge savings each month on your electric bill.

Whether you're looking to ensure emergency backup power is always available, or you're looking to outfit your home with a powerful solar system, the ETHOS ensures reliable, efficient power delivery day in and day out, allowing you to save on utilities, or get rewarded for giving back to the grid through net metering programs and other tax incentives. Take control of your home's power and shop the 48V ETHOS today!

I Bought two 48V LiFePo batteries last year and have had great performance out of both. Very satisfied with quality product and customer service. Would feel good about buying again in the future!!I have no pics at this time.

I bought a solar trailer from Big Battery and couldn't be more thrilled with the product or the team. I picked it up on site and they were friendly, helpful, and got me set up and on the road. The trailer is now the power hub for my off-grid site and is performing beautifully.
