

480 kWh commercial solar battery storage

480 kWh commercial solar battery storage

Sol-Ark(R) commercial energy storage systems help unlock energy resilience and independence for commercial and industrial businesses. Meet your renewable energy goals, decarbonize and drive sustainability, and power your business with future-proof energy storage technology that can effortlessly expand for your business demands.

Maximize your energy ROI, minimize complexity and compatibility issues, and expand your building's power generation capacity with modular solar inverters that can scale up over time. The Sol-Ark(R) 30K-3P-208V and 60K-3P-480V are made for light or heavy commercial and industrial businesses.

Whether it's new construction, solar retrofit, site expansion, electric vehicles, or batteries only, Sol-Ark commercial energy storage solutions provides hardware solutions for your entire fleet.

Owners of commercial and industrial buildings who aim to optimize solar self-consumption and enable electric vehicle charging can unlock significant business and revenue opportunities through energy storage.
