

# 48v 105ah lithium battery

## 48v 105ah lithium battery

The battery is protected by a waterproof ABS case, splash and dust resistant (Protection index IP65). The products PowerBrick are light, compact, efficient and can be used for all types of uses and applications. PowerBrick are designed to drop-in replacement of old generation batteries (Lead VRLA, AGM or OPZ batteries) in 48V, that are low performance and harmful to the environment (use of heavy metals and acid electrolytes).

The Trojan Lithium OnePack(TM) offers unrivaled performance, advanced safety features, and an industry-leading 8-year warranty, all in an easy-to-install single battery pack. Featuring Bluetooth(R) connectivity for real-time battery status. Read Trojan lithium battery reviews from dealers and customers below!

Our early success in the golf cart industry established Trojan as a leader. Today, we're the top battery brand among golf cart and utility vehicle manufacturers, golf course fleet managers and consumers.

"We were looking for a steep incline to show the power and performance of the Trojan Lithium OnePack. In my mind, Pikes Peak Highway is the pinnacle of any road to travel. We did it with no problem."

"The Trojan lithium batteries far exceeded our expectations. It was paramount that we choose a world-renowned brand which has got a reputation for quality, for durability, for service. The Trojan lithium batteries are a cut above."

Upgrade your golf cart driving experience to the next level. The S51105L delivers more enduring power, faster speed, higher acceleration and more safety. Suitable for most models of low-speed vehicles! Even if your grassland is sloop or uneven, the S51105L can perform more powerfully in the toughest conditions. We are sure it can be your type if you are finding a 48 V battery with high discharge current and power upgradation.
