Features and Benefits
Holds power for up to 10 years whilst in storage to power devices when you need too
Long lasting power
PowerSeal(TM) technology offers reliable power

Fuel your high-drain devices for years to come with the Varta Longlife Power AA battery bulk pack. Engineered in Germany for demanding electronics, these batteries deliver long-lasting, consistent energy you can depend on. From wireless mice and flashlights to battery-operated toys, Varta Longlife Power provides the muscle needed to keep your essential devices performing flawlessly.

Enjoy peace of mind with a remarkable 10-year shelf life. These batteries will be on hand whenever you need them, ensuring uninterrupted fun and productivity. The clear storage box keeps your batteries organized and visible. The lid protects unused batteries, making it a perfect long-term storage solution.

All our orders are dispatched via courier networks and do not travel via parcel post. The parcel rate charges are often amplified for orders in excess of 15kg from all the couriers we use. As a result we have to reflect this in the delivery charges we make to our customers. Orders that contain products which at dispatch will be more than 20kg weight will be subject to a Heavy and Large delivery charge.

Products likely to be impacted by this higher rate parcel send are: boxes of paper, multiple quantities of water, desk stands or furniture and volume packs of cleaning supplies. This higher rate carriage charge will be indicated in your basket as a heavy or large delivery charged at £8.95.
