Amazon Basics AA High-Capacity Rechargeable Batteries NiMH Pre-charged

This item has been tested to certify that it can dispatch safely in its original box or bag to avoid unnecessary packaging. Since 2015, we have reduced the weight of outbound packaging per shipment by 41% on average, that's over 2 million tons of packaging material.

The Reducing CO2 label applies to products certified by the Carbon Trust, that are lowering their carbon emissions year after year for the full life cycle of the product. The Carbon Trust was formed in 2001 and introduced the world's first carbon label in 2007. It produces its certifications to global leading and independently verified standards. The Carbon Trust has a mission to accelerate the move to a sustainable, low carbon economy.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyses reviews to verify trustworthiness.
