Battery chargers at harbor freight

When it comes to keeping your vehicles and equipment powered up and ready to go, having a reliable battery charger, maintainer, or float charger is paramount. At Harbor Freight Tools, we understand the importance of maintaining your batteries and ensuring they're in peak condition, whether for your car, truck, motorcycle, or other automotive needs. That's why we offer a comprehensive selection of battery chargers and maintainers to cater to a variety of requirements.

Our battery chargers are designed to recharge your batteries efficiently, whether they've gone completely flat or simply need a top-up. These chargers come equipped with various features to suit different battery types and sizes, making it easier for you to find the right one for your needs. In addition to chargers, our battery maintainers and float chargers are perfect for keeping your batteries in excellent shape during long periods of inactivity. They help prevent battery discharge and sulfation, ensuring your batteries are always ready when you need them.

Whether you're a car enthusiast, outdoor adventurer, or simply looking for a dependable battery solution, explore our range of battery chargers and maintainers to keep your vehicles and equipment running smoothly, no matter the season or conditions.

Keep your battery fully charged with this compact, handy float charger. The float charger/maintainer supplies voltage to match your 12 volt battery's self-discharge rate, keeping your battery "topped off" at all times without overcharging. Ideal for vehicles in long term storage, 12 volt backup batteries for sump pumps and other applications that need a battery to be kept fully charged between long periods of nonuse.

Charge, maintain or jumpstart 6 and 12 volt batteries with this automatic battery charger. A built-in microprocessor automatically switches the system from charging to maintenance mode to prevent overcharging. This portable battery charger has 2-40A charging rates plus a 200A engine start for emergency starting. Fan-cooled for longer service life, this battery charger is ideal for professional mechanics and serious enthusiasts.

The CEN-TECH(TM) 2 Amp 3-Stage fully automatic controlled battery charger provides the optimum amount of charge for your 6V and 12V batteries. Great for charging motorcycle, power sport, lawn tractor, and other 6/12V standard automotive batteries.
