## Battery pack 200 kWh

The StackRack SRBOX-200 is an outdoor-rated, high-voltage modular battery system that consists of up to 14x 14.3 kWh batteries for up to 200kWh battery capacity. The unit is designed for various energy storage needs, including solar self-consumption, peak energy shaving, energy arbitrage and essential circuit backup. It has a wide temperature range of -20°C to 55°C, with integrated HVAC and fire-suppression.

The Growatt APX 200kWh battery system is meticulously engineered to meet the substantial energy needs of industrial and commercial enterprises. As the most robust model in Growatt's acclaimed APX series, this system offers an unrivaled energy storage capacity, ensuring reliable and continuous power supply for demanding applications.

Designed for energy-intensive settings, the Growatt APX 200kWh battery system is the perfect solution for businesses aiming to bolster their energy infrastructure, reduce operational costs, and achieve sustainability goals.
