Best 9 9 outboard motor 2022

FourStroke ProKicker 9.9-25 hp. With easy-starting EFI technology, a ProKicker(TM) outboard is a reliable fishing partner that's ready to go when you are. Each model includes fishing-specific features that help you dial in precise trolling speeds. Find a Dealer.

The 9.9EH portable 9.9 hp Mercury outboard motor is lightweight, compact, and powerful making it a great choice for jon boats, skiffs, and small pontoons as well as sailboat or trolling power. The Mercury 9.9 HP outboard engine is a two cylinder four stroke outboard that delivers quiet, fuel efficient power with Mercury reliability.

Mercury ProKicker outboard motors deliver superior torque for greater acceleration control. Fast, reliable starting and controlled throttle response in all weather. A deeper gearcase and a four-blade, high-thrust propeller with matching gear ratio for precise trolling control.

Whether you prefer the power of a two-stroke motor, the smoothness of a four-stroke motor, or the quietness of an electric motor, there is a 9.9 HP outboard motor out there that will meet your needs. By considering your boating needs, budget, and personal preferences, you can find the perfect motor for your small boat and enjoy many happy hours ...

We balanced the powerhead to make it smoother. Then we crafted soft-rubber mounts that isolate vibration and direct it away. Whether you're listening for fish breaking or having a conversation, you'll enjoy every minute on the water.

Port side or starboard, you pick the mounting location, and the tiller adapts to you. Its reversible throttle grip can be configured for control with either hand, while lateral adjustments ensure a convenient steering angle.

Whether you sit or stand while you troll, the down-angle stop keeps the tiller at the right height for comfortable steering. Throttle friction can also be adjusted to maintain speed and keep your hands free.

SmartCraft(R), now available for 25hp ProKicker outboards, is a full suite of digital technologies, fully integrated and totally coordinated. Gauges, sensors, vessel systems, computer-controlled features - one total package, one high level of control. Make your boating experience easier, safer and a lot more enjoyable.

With the VesselView Mobile plug-and-play module, you'll always know what's happening under the cowling. It wirelessly connects your engine with a mobile app, making it easy to monitor performance data and track routine maintenance on a tablet or smartphone. VesselView Mobile is compatible with all SmartCraft-capable Mercury outboards (2004 and newer, 40hp and above; 2022 and newer, 25hp and above).

Best 9 9 outboard motor 2022

VesselView Link integrates with compatible Lowrance(R) or Simrad(R) multi-function displays, putting Mercury engine information and SmartCraft(R) controls at your fingertips on the displays you use most while fishing. VesselView Link is compatible with all SmartCraft-capable Mercury outboards (2004 and newer, 40hp and above; 2022 and newer, 25hp and above).
