

Billy s Speed Shop

Billy s Speed Shop

Billy's Speed Shop, Family owned and run business in Cannock, UK specialising in USA Imported Performance Products, along with distributing well known performance brands that are helping to make our performance tuning industry extremley exciting.

The business was formed in April 2019 and calls on the 20+ years industry family knowledge that we have for performance parts and vehicles, starting off "Wrenching" on cars then moving into a retail performance shop onto the world of parts distribution.

We vaule our customers and we send out newsletterabout our activity on regular basis. We also send out special offers so we welcome you to join our mailing list today not to miss out!

The possiblities for a Crate Engine are limited only by your imagination, The benefit of a crate motor, they are normally designed to be so much more than a long block, they come fully built and often with ancillaries such as waterpumps, Coils, Leads and Plugs, Or Distributor, Plugs and Leads depending if youve chosed ECU Controlled, EFI or Dizzy variants, Please check with us to the delivery specification to expect any of these crate motors to be delivered in.

Billy's Speed Shop started in 2019 as Husband and Wife team starting a family business, and this flows through our ethos and decisions we make, The buisness is named after our son "Billy";
