

Brockley Auto amp Tyres

Our experts will check your wheel alignment and ensure everything's as it should be. Misaligned wheels can be rectified immediately, with servicing available on either two or four tyres for a small charge.

We were voted TyreSafe Retailer of the Year, so you know you can trust us to keep you and your tyres safely on the road. Plus, our pricing team review our tyre prices against our competitors up to three times a week, so you can be confident you're getting great value for money. We also offer same day tyre fitting by our highly qualified technicians and environmentally dispose of all used tyres.

We appreciate that finding the right tyres can be daunting. Here at Halfords, we've got a super-friendly team on hand to advise, along with tons of tyre options for every type of budget. Need help today? Simply check-in with us online or at one of our garages for help choosing tyres .

Our online slot pricing is based on the capacity of our garages. If there is another nearby garage to your entered postcode that has better technician availability, they will usually offer a lower slot price. This allows our garages to work more efficiently, providing both value and convenience to our customers.

To check your tyre pressure, you first need to ensure they are cold and your car is on a flat surface. Then, you'll unscrew the dust cap, place a tyre pressure gauge on the stem, and press firmly. The gauge should provide a pressure reading.

Remember, the optimum tyre pressure is different for every model of car. If you're unsure, check your vehicle's handbook or the sill of the driver's side door. If you find gauging your tyre pressure a struggle, you could always ask one of our technicians to help across our network of UK garages.

There are many things you can do to improve your tyres' lifespan. Ensuring you have the correct tyre pressure and wheel alignment is a good starting point, as is making changes to the way you drive. Examples include reducing your car's weight by removing unnecessary cargo from your boot, as well as avoiding harsh acceleration and braking.

At Halfords, we understand how important it is to choose the right tyres and maintain them properly so you can stay safe, legal and comfortable while out on the road. Whether you own a car, motorcycle, SUV, 4x4 or camper van, we've got tyres, services and expertise that you can trust and depend upon.

When you need a new set of tyres, we're you're one stop shop for replacements. We stock one of the largest ranges of tyres in the UK, so we're bound to have the right ones for your vehicle. Whether you need high performance tyres for a luxury sports car or a dependable budget option to equip your van with extra stability, there's a range of options no matter how much you're looking to spend.

Once you've decided which tyres are right for your vehicle we seek to make your purchase as pain-free as possible by offering free fitting when you buy two tyres or more. You can have your new tyres fitted through our mobile fitting service at a time and place of your choosing. Alternatively, if you'd prefer to come to us, you can drop into your local Halfords Autocentre to have your new tyres fitted..

Once you're up and running with your new tyres, we strongly recommend checking them on a regular basis so you can be sure there is sufficient tread depth and that there is no visible wear and tear. If you're unsure or want to have your tyres looked at, you can take a look at our tyre advice resources or drop into your local Autocentre where our expert technicians will be more than happy to assist you. We also provide a range of tyre services such as wheel balancing and alignment and puncture repair.

At Setyres, we offer fully fitted, high performance tyres at competitive prices which can be fitted at your local Setyres branch. We stock an extensive range of premium and budget tyres from a variety of leading tyre manufacturers.
