I am not based in the UK, so I am not aware of any regulations. Catherine helped me understand the yearly filing and helped me in a highly professional manner. Since then, I formed two other companies with them and will strongly recommend them to you.

Easy-to-use website helped me a lot. I felt very easy to reach you all the time I needed both by phone and chat. Even after some misunderstanding, I felt bad about myself being rude to them. Still, they were very calm, helping me solve my problems. 5 Stars for you, Steve.

I am really impressed with the service. They have been helpful, polite, and professional. I had issues selecting business activity with some codes, and they guided me to select an exact one for mine. I would recommend your service to people looking to register a new company.
