Buy EcoFlow 400W Solar Panel -- EcoFlow UK

Spend [amount] more to select one Gift from EcoFlow Camping Light, EcoFlow Electric Heating Blanket, EcoFlow Foldable Camping Chair(Limited to 50 pcs)and EcoFlow Flatbed Trolley(Limited to 20 pcs), to add to cart.

With a unique folding design, our 400W solar panel combines powerful energy production with portability. To achieve a higher solar conversion efficiency of 23%, we use multi busbar monocrystalline cells, so you get even more energy to recharge your portable power station.

EcoFlow's 400W solar panel comes complete with a protective case that doubles as a sturdy supporting stand. Simply set up your panel anywhere and conveniently adjust its angle to get the most sun possible.

Made from durable and flexible materials, the portable solar panel is perfect for off-grid living and travel. Its multi-layered design offers high impact resistance for the rugged outdoors, while its 16 kg light-weight means effortless carrying to a campsite. A rigid layer embedded in the carry case protects the panel from overbending when you carry or store it.

Our 400W solar panel can carry on collecting energy even during a downpour. With a protective ETFE film and a high IP resistance level of 68, the solar cells can withstand environments from humid and wet to dry and dusty.

EcoFlow's 400W solar panel is a camping or RV must-have. The compact design saves valuable space for your other travel essentials. When you're ready to head off on your next adventure, simply collapse the panel down to store in your van or car.

Positioning portable solar panels at an angle between 30-45 degrees, facing the sun's direction, is best. EcoFlow portable solar panels have a built-in stand that can be adjusted depending on the time of day.

Solar panels that are portable, foldable, and lightweight are the best kind for camping. Pair with a portable power station for immediate power that is clean, green, and renewable.
