

Cat metric power systems australia

Cat metric power systems australia

We supply the full range of integrated Cat(R) Power System solutions, full turnkey installations, project management, service delivery, and support for a broad range of industries. [View the Range ->](#)

Get the quality of Cat(R) Power Systems at a fraction of the price. Explore the range of used equipment, including ex-rental fleet, dealer-certified, inspected, and tested by qualified Cat-trained engineers. [View Inventory ->](#)

We are the authorised Warranty, Parts and Service Dealer for all gas products built in the Caterpillar(R) factory at Mannheim Germany including Caterpillar CG, Deutz and MWM generators. [Learn More ->](#)

Focusing on helping our partners electrify and decarbonise, our Hybrid Energy solutions delivers an innovative, cost-effective way to incorporate renewable energy sources into traditional power generation for diesel and gas applications.

For over 30 years, we have been a trusted partner in the mining sector, delivering tailored energy solutions to power a wide range of projects. Supplying power solutions, compressed air and temperature control equipment to mining sites of all sizes, our expertise ensures reliable and efficient energy for your operations.

We provide a comprehensive range of Cat Industrial Diesel Engines and complete Power Units ensuring seamless installation. Our energy solutions are designed to meet the unique demands of the agricultural industry, enhancing efficiency and reliability for your operations.

Backed by Caterpillar, we are a leading provider of medium and high-speed marine diesel engines, generator sets and auxiliary engines for all Marine customers including Government and Defence.

Providing tailored energy solutions, including advanced generators, uninterruptible power supplies (UPS), and hybrid systems, ensuring maximum reliability, efficiency, and scalability to keep your data centre operations running smoothly and securely.

Explore our range of tailored solutions designed to address your specific requirements across all industries. From power generation to propulsion, trust us to deliver reliable and sustainable solutions to give you the power solution you need.

Our Cat Dealer Partners offer a wide range of service capabilities with trained technicians and specialists offering a fast, efficient, service aimed at reducing downtime and increasing customer profitability.

Designed to meet the requirements for off and on-grid applications. Based on lithium-ion batteries, these
