Process & Plant Automation Limited is an electrical engineering solutions provider with expertise in industrial and building automation. The company was setup in 2003 in Ghana.

Upgrade your security with our advanced CCTV Security Systems! Our Video Surveillance System boasts cutting-edge Digital IP Cameras with high resolution, ensuring crystal-clear footage.

Global warming of 1.1 degrees Celsius is leading to unprecedented climate changes, from rising sea levels to more frequent extreme weather events, impacting ecosystems and communities worldwide.

Since our inception in 2009, we've been committed to renewable energy solutions, providing high-quality solar equipment and services to thousands of homes and businesses. Together, we've helped save massive CO2 emissions.

Our commitment to sustainable energy solutions is evident in our industry-leading manufacturing technology and continuous investment in raising the bar for green energy initiatives in Ghana.

We set out with a mission to make renewable energy accessible. We found there was a need to do things differently by advancing the know-how to realise our ambition. So we evolved with innovative ways of realising energy access through knowledge transfer.

As a women-led social enterprise, Power Sisters has affirmed high-level support for advancing gender equality on the road to ensuring universal energy access. Over 80 per cent of WIRE's board is comprised of women leaders from the finance, technology and renewable energy sectors.
