

EMS Merchant Services

EMS Merchant Services

oona aims to revolutionize contactless payment. Our solutions empower you to increase customer satisfaction by offering seamless payment experiences to your customers - with maximum security.

Our devices accept payments from any contactless card, mobile wallets on smartphones and smart watches or other contactless payment methods. They offer maximum flexibility and ease of use for your customers. With oona's solutions, you'll experience reduced transaction times, enhanced payment security and increased customer satisfaction.

You choose one of our tablets, and it'll come preloaded with customized software to suit your business specifications exactly - whether it's hospitality, retail, or restaurants, we've got you covered.

We understand the unique needs of the hospitality and retail industry. That's why we never offer an one-size-fits all-solution, but go all the way to ensure maximum customization tailored to your needs.

Enjoy the benefits of robust and durable devices, enterprise-level security, and ultra-high-performance front-facing NFC technology. Plus, our rugged and water-resistant devices ensure all-day operation in any environment.

No matter the risk level, Pixxles welcomes all merchants to apply and find a new home with us! Join the team that treats you like family and always picks up the phone. Get Connected Accepted Cards ... and many more

Many payment acceptance services only do half the job. They are an "acquirer" who needs a "processor" to finish the payment. Pixxles does both so there are no third parties to slow things down. You enjoy the most responsive service, great rates and quick payouts.

24/7 Phone Support Every call is a priority; experience world-class support with just one ring.
QUICKER Payouts Less Waiting, More Creating We understand the importance of getting your funds quickly
Accept Payments in 100+ Currencies Global reach, local touch Enjoy the flexibility of offering your customers
multiple options at checkout. Compliance and Protection We assess and monitor your ecosystem Our risk
management system helps protect you from high levels of fraud and chargebacks. Get Approved Approval
Process Go live within a week or less!
