

ETrek 3000W Portable Power Station

ETrek 3000W Portable Power Station

In this age of electronic products, it is difficult for us to live without electricity, so a convenient power station is a perfect answer to keep you up and running during power outages, whilst camping or working away from a mains power supply. The eTrek 3000 is an all in one Portable Power Solution featuring a 2880Wh LiFePO4 battery and built in 3000W pure sine wave inverter. **PRE-BLACK FRIDAY SPECIAL ENDS 28TH NOVEMBER 2024**

eTrek 3000W Portable Power Station is an all in one power solution featuring 2880Wh of LiFePO4 battery storage and a 3000W pure sine wave inverter. Whether you are looking to power equipment at home or outdoors in remote location away from home, the eTrek 3000 can provide a reliable source of quiet, clean power, making it a great alternative to diesel/petrol generators.

The eTrek 3000W Portable Power Station has a battery capacity of 2880Wh (48V; 60Ah); and is equipped with an excellent battery management system (BMS) that offers temperature control, voltage protection, over-current protection and short-circuit protection, keeping all your electronic equipment safe.

Compared with other lithium batteries, one of the important advantages of LiFePO4 batteries is thermal stability and chemical stability, which can improve battery safety. The lithium iron phosphate battery provides 2500 cycles and a battery life of more than 10 years for the eTrek portable power station.

The eTrek Portable Power Stations super algorithm intuitively reminds the users of the remaining working time. This all-in-one power station is very suitable for outdoor gatherings, camping, and when the home is out of power.

Features a strong handle for easy carrying. Built in to the side of the unit is a 4W super-bright emergency flashlight, which is suitable for lighting large areas. There are 3 easy to select lighting modes (Low-Full-Flash)

Please Note: The eTrek power is supplied by the internal battery therefore we would not recommended this unit for life critical medical devices where a depleted battery could be potentially life threatening.

Our aim is to become the UK's preferred online retailer of quality renewable energy products and accessories. Our ethos is one of outstanding customer service and competitive pricing.
