Energy storage applications windhoek

NEC Power & Pumps caters for various stand-by and emergency power generation applications to all sectors in the economy. We specialized in customized Generator Sets as well as Uninterruptable Power Supply (INVT UPS) solutions.

The UPS configuration from INVT are reliable power solutions with better serviceability and energy-saving performance. Energy storage for banks, telecommunication industry, IT and cloud computing data centers are available.

NEC delivers the right power solution to our valued customers - Standby and Prime power generators rated 20 - 2000kVA are available in various electrical configurations: Base Load, AMF or Synchronized.

ConServ is the Distributor for HOPPECKE Batteries, a Germany base company providing a large range of Energy storage solutions including a range of 12volt AGM Batteries for the Leisure market up to Industrial Energy Storage Systems.

ConServ Engineering Services will be able to select the correct Battery System for your application when you need to replace a Battery on an existing Solar PV System or can deliver a solution when you are installing a new Solar PV System to your farm or Lodge. Further we can size, design & deliver Battery powered Backup Systems for your house or office.
