

Energy storage battery brand 500 kWh

Energy storage battery brand 500 kWh

Each battery energy storage system has a built-in BMS (BATTERY MANAGEMENT SYSTEM). Users program its working modes for custom power supply. Remote monitoring with Bess controller of inverter.

DG control with Touchscreen LCD enhances voltage monitoring. Improve customer's experience and give them control. Energy-saving OPTIONS improve the SHELF LIFE of batteries and get you positive feedback.

Batteries have a Cycle Life of 8000 Times at (20~95%SOC, 25 \pm 5 $^{\circ}$ C). Self-balance of each LiFePo4 cell with extra PROTECTION standard compliance. Easy to handle and install with ULTRA-THIN design of 178mm with compact size.

The system generators do not fail or stop working due to overheating. RATED VOLTAGE of 400V without any FAILURE risk. REDUCE system failure chances that enhance your ENTERPRISE reputation.

Lithium iron phosphate for the boosted experience. LOAD CAPACITY of 120Ah with a nominal voltage of 3.2V. Working VOLTAGE range of 2.4~3.65 for consistent electricity supply. The monthly self-discharge rate is almost 3% for efficient charging.

FAST charging helps energy storage to get charged faster. CUSTOMERS rely on it for a long time and increase customer flow for this product. You BUILD a strong product image that lasts for a longer time.

Future-PROOF battery energy storage system with expanding options. Users add a battery pack when they want to expand. No need to replace or buy a whole new battery ENERGY STORAGE system.

Flexible battery energy STORAGE configuration with a frequency range of 47.5~51.5Hz. Increase repurchasing power of users and more PROFIT MARGIN. You invest less in marketing costs and save more costs.

It gets tested on its AC & DC current supply. Then skilled staff pack it and they are ready to serve your customers. HIGH-QUALITY product helps you to outperform in the market and INCREASE sales.

Our experts have vast expertise in working with international clients. We have exported top-notch energy STORAGE SYSTEMS to more than 100 countries. Expand your business beyond borders through expert custom handling.

Manage your battery pack and energy storage system sourcing on a single gateway. No need to hire many sourcing agents for DIFFERENT COMPONENTS of systems. Receive your 500KWH battery storage unit

Energy storage battery brand 500 kWh

after complete consolidation.

Occasional auditing and inspection to protect your sourcing from B2B scams. You get delivery & quality confirmation of 500KWH battery storage. We COUNT the inventory of promised battery energy storage system items.
