

Energy storage battery system 130 kWh

Energy storage battery system 130 kWh

1. **Solution for Fast Install**Fully integrated, pre-configured package system reduces on-site installation time; includes inverter(s), battery trays, racks, BMS, Microgrid Controller, HVAC, fire suppression, islanding switch, and outdoor rated enclosure.
2. **Easy & Flexible to Scale**The modular design allows for easy capacity expansion.The rack-mounted design allows for installation in various settings, A single system can be expanded up to 130kWh.
3. **Safe Technology & Multi-level Protection** Tier 1LiFePO₄ Phosphate chemistry for the highest level of safety, thermal stability, and reliability; An integrated, multi-level Battery Management System(BMS) monitors, optimizes, and balances the system.
4. **Powerful Performance**Supports a rated DC power of 130kW. It can handle charge/ discharge currents of 50A(recommended), 100A(nominal), and up to 125A peak discharge for 2 minutes at 25??.

GSL Energy is a leading manufacturer of advanced lithium iron phosphate batteries, specializing in household, commercial, and industrial energy storage solutions. Discover our latest wall-mounted, stackable, and rack-mounted lithium iron phosphate battery systems and industrial and commercial energy storage solutions. Power your future with GSL Energy's commitment to efficiency and sustainability.
