

Euro solar system customer service

Euro solar system customer service

Each of our systems are custom-made using the latest technology and high-quality standards and is expected to last 20 years or more, saving customers money over the long term.

Please email us a list of your utility accounts (up to 12 months) so we can run a cost to determine if you can save money by switching your energy provider. Also you will need to take a picture of your electrical distribution board and send us the physical address of the property. Please include all contact numbers.

Let our specialists help you craft a sustainable, reliable and cost-efficient green energy solution for your business. Utilizing solar PV or energy storage systems can dramatically decrease operating costs and increase competitive advantage. Our professional crew is ready to answer any questions regarding Solar Photovoltaic or energy conservation that you may have. Reach out today and see what we can do for you!

EU Solar takes pride in its range of solar systems with superior quality. Our superior solar packages guarantee exceptional performance and come at sensible pricing to enable you to get a quick return on investment.

These systems are matched with world-renowned Hyundai solar panels in China, Vietnam, and South Korea. We also bring you Austria's Fronius range of solar inverters, considered the best in the world. With EU Solar, customers are guaranteed the best warranty options and solar power system performance.

Hyundai panels have a 25-year product warranty. The European designed Fronius inverters to have a 10-year product warranty. If you are a customer who loves sophisticated monitoring with a complete overview of your energy usage, you will genuinely love EU Solar's special solar packages. Indeed, this is the best in the solar power industry.
