

Evvo 25 kw inverter datasheet

The Efficiency of Poly and Monocrystalline PV solar modules vary between 19 and 21% respectively. In installations where there is no peak power generation, the complete Module efficiency is not achieved. Thus, enhancing the efficiency of solar PV module is the need of the hour

Three Phase Inverter Dual MPPT 30% DC oversizing IP65 ingress protection 2 MPPTs with Max. efficiency 98.60% 20A input current, compatible with 210mm PV modules Intelligent string detection Built-in-type II DC & AC SPD Support only Wi-Fi monitoring Zero Export function interface Smart Air Cooling

Three Phase Inverter Dual MPPT 30% DC oversizing IP65 ingress protection 2 MPPTs with Max. efficiency 98.60% 20A input current, compatible with 210mm PV modules Intelligent string detection Built-in-type II DC & AC SPD Zero Export function interface Smart Air Cooling

Three Phase Inverter 4 MPPT 30% DC oversizing IP65 ingress protection 4 MPPTs with Max. efficiency 98.60% 20A input current, compatible with 210mm PV modules Intelligent string detection Built-in-type II DC & AC SPD Zero Export function interface Smart Air Cooling

EVVO specializes in R&D, production, sales and service of grid-tied inverters ranging from 1kW to 7.5kW (residential) and 10kW to 70kW (commercial) Capacity : 1 kw to 70 kW 8 years Warranty Power Limit Export Feature Max 98.6% Efficiency Built in PV-Combiner Interface Selection WiFi/RS485/GPRS All in One, Flexible & Economical Solution
