

Fogstar drift 12v

Fogstar drift 12v

Meet the Fogstar Drift Pro, your new secret weapon for all your power needs. It's not just a battery, it's a powerhouse equipped with a next-gen 300A JBD BMS, making it the largest, most progressive Leisure Battery BMS on the market. This is top-tier tech, specially designed for Fogstar by JBD, and is what keeps your battery performing at its peak.

These batteries also contain plug-and-play Victron integration, enabling you to seamlessly sync the Fogstar Drift Pro with systems such as the Cerbo GX, no fuss, no frills. Just imagine - uninterrupted, integrated power at your fingertips.

This heavyweight lithium battery boasts a massive 3904Wh capacity, making it ideal for powering even the most demanding applications. Whether you're running a home solar system, keeping your campervan lights on, or tackling remote work projects, the Drift ECO delivers reliable performance you can count on.
