

Forklift Batteries amp Forklift Battery Charger Services

Forklift Batteries amp Forklift Battery Charger Services

For dedicated sales, hire and repair of forklift batteries and chargers, there's only one choice. IBCS has over 30 years' experience in the industry, supplying OEM solutions, maintaining the operation of existing equipment and hiring batteries and chargers from our extensive hire stock at competitive rates. Learn more in just a moment.

As an independent supplier forklift batteries from the world's leading manufacturers IBCS is able to provide a complete solution for all forklift battery requirements. With 3000 forklift battery cells in stock and access to 25,000 cells from Manchester and Cardiff, we are in a position to offer very short lead times. In addition to the cells in Sheffield IBCS have a large number forklift battery tanks in stock which allows us to deliver complete forklift batteries, in tanks, within 48hrs of receipt of order.

The importance of matching the correct charger with the battery cannot be underestimated as using an incorrect charger will inevitably result in premature battery failure. At Industrial Battery and Charger Services we have a complete range of chargers to suit all motive power applications. We are able to offer help and advice on all aspects of battery charging and our service engineers are able to repair and maintain all types of battery chargers in use today.
