

Fronius off grid inverter

Fronius off grid inverter

Jason Svarc is an accredited solar and battery specialist who has been designing and installing solar and battery systems for over a decade. He is also a qualified engineer and taught the off-grid solar design course at Swinburne University (Tafe). Having designed and commissioned hundreds of solar systems for households and businesses, he has gained vast experience and knowledge of what is required to build quality, reliable, high-performance solar power systems.

Fronius International was started in 1945 by G?nter Fronius. In 1992, Fronius decided to begin manufacturing inverters for the solar energy industry. Now operating in 60 countries, Fronius has a reputation for providing a reliable range of solar inverters – with sizes for many applications.
