

Hoppecke sun vr l battery

Hoppecke sun vr l battery

Maintenance-free sealed VRLA battery 103 Ah (C10), 130 Ah (C100) / 12V. These batteries are specially designed for off-grid and on-grid cyclic applications. With their leak proof design and good resistance to deep discharge, they are a reliable type of battery, also characterized by low self-discharge.

Our catalog contains only high quality and reliable products from the best manufacturers with long warranty periods proven in the field, always the latest versions of the products in competitive prices. We are distributors of leader companies in off-grid solar with more than 20 years experience that will be there to honor their product warranties. You may read more about us and our business partners here [>>>](#)

100% secure payment with all major credit cards via Stripe or PayPal. We also accept bank - wire transfer payments, you may choose the Vivawallet payment method for SEPA bank payment. Please contact us for our bank account details or if you want us to send you a link so you can use your credit or debit card. The Wise service is also available for customers outside the eurozone.

Prices are shown with the VAT rate of the country of delivery, please choose your country in the country switcher so you see the prices with your VAT rate. We are registered in the EU's OSS (One Stop Shop) and we issue invoices with the VAT rate of the country of delivery. You may see the VAT and shipping rates of the country of delivery after adding an item to the cart, and then enter the country of delivery and the postal code in the checkout page. There will be no VAT applied automatically during checkout for customers in Norway, Switzerland and the UK.

Please note that for UK deliveries, the courier will ask to be paid for the 20% UK VAT before the delivery along with a fee associated with customs clearance called disbursement fee; FedEx currently charges a flat fee of around ?12.75 for most UK deliveries. There are no customs tariffs for products made in EU and most of the products of our online catalog. Please contact us for more information.

If you change your mind about your purchase you can return us the product to the warehouse in Germany and get a refund or exchange it for up to 14 days from the day you received it, provided that it is still in its new, unused condition and with its original packing. The buyer pays for the return shipping costs. Please contact us before so we can give an RMA number and the return address. We have a really low, approaching zero rate of returns because we only sell quality products.

With more than 1400 items sold via eBay only we have gained positive feedback from hundreds of customers around the world that appreciate the high standards of our products and services.

Please don't hesitate to contact us for technical, availability or other questions or if you can't find what you're looking for. We have more products available than what is listed in the website. The best way to contact us is

Hoppecke sun vr I battery

via email or chat, we respond to most requests in less than 24 hours. We can help you find the right product or propose you a customized solution, please consult our off-grid systems overview. We speak English, Greek and Italian.
