

Lima china electric vehicle market

Canalys" latest research shows that worldwide sales of electric vehicles (EVs) grew annually by 55% to 10.1 million units in 2022. Mainland China was by far the largest EV market, with 59% of EVs sold there in 2022, a total of 5.9 million units. This represents 29% of all light vehicles sold in the region, up from 15% in 2021. Europe is the second largest EV market, with a 26% share and 2.6 million units sold. In comparison, the US is still behind at just 9% of worldwide sales, but with positive signs of growth, with 920,000 EVs sold in 2022, up 72%.

Canalys is an independent analyst company that strives to guide clients on the future of the technology industry and to think beyond the business models of the past.
