As well as access to our exclusive news from Reuters, International Financing Review (IFR) insights and unique data sets, one of Eikon's strength is providing transparent market data in an open way.

As an LSEG business, our synergies connect you to sophisticated analytics that enhance this competitive edge. Not only do we boast an unrivalled breadth and depth of data, we are also transparent about our data and where it comes from. Plus, we are not rigid about how data is accessed or used - our datasets and analytics solutions can be accessed through desktop, APIs, and feeds, making it easier for you to integrate into your proprietary solutions.

Eikon's wide range of pre-trade tools helps you sharpen your fixed income price discovery- Reuters news, International Financing Review (IFR), Tradeweb, MarketAxess, single dealer bond data and Markit, plus Starmine CDS data and LPC loan information - all delivered through an innovative desktop and mobile app.

Eikon helps you tackle MiFID II regulations, address the BASEL III Capital Charge, calculate the credit valuation adjustment (CVA) of your portfolio, comply with IFRS9 requirements, and manage CSA collateral arrangements.
