Monocrystalline solar panels ghana

High Solar Output and a One-piece Folding Design Charge faster, wherever you go. With a unique folding design, our 400W solar panel combines powerful energy production with portability. To achieve a higher solar conversion efficiency of 23%, we use multi busbar monocrystalline cells, so you get even more energy to recharge your portable power station.

An Integrated, Self-supporting Stand Optimize your energy. EcoFlow's 400W solar panel comes complete with a protective case that doubles as a sturdy supporting stand. Simply set up your panel anywhere and conveniently adjust its angle to get the most sun possible.

Ready for the outdoors. Made from durable and flexible materials, the portable solar panel is perfect for off-grid living and travel. Its multi-layered design offers high impact resistance for the rugged outdoors, while its 16 kg light-weight means effortless carrying to a campsite. A rigid layer embedded in the carry case protects the panel from overbending when you carry or store it.

Built to weather the storm. Our 400W solar panel can carry on collecting energy even during a downpour. With a protective ETFE film and a high IP resistance level of 68, the solar cells can withstand environments from humid and wet to dry and dusty.

Take solar power on the go. EcoFlow's 400W solar panel is a camping or RV must-have. The compact design saves valuable space for your other travel essentials. When you're ready to head off on your next adventure, simply collapse the panel down to store in your van or car.

Finance is a great way to spread the cost of your purchase. To make it easy we have teamed up with Omni, one of the UK's leading finance specialists, so that you can apply for and complete a loan application quickly, easily and informatively.

Simply add the items you love to your basket. Once you are at the checkout select the finance option that suits you and choose Omni. The quick application form is simple and should take no more than a couple of minutes to complete and you will receive a decision instantly. Easy!
