

Orkney tourist sites

See 5,000 year old sites in the UNESCO Heart of Neolithic Orkney, stroll along idyllic beaches and dramatic sea cliffs, get up close to amazing wildlife and reconnect with nature in Orkney. Discover Orkney Islands and find information on Orkney holidays, how to travel to Orkney, Orkney map, and more.

Orkney's made an appearance on the big screen this September, starring as the stunning backdrop in The Outrun. Based on the best-selling memoir by local author, Amy Liptrot, this honest drama focuses on Rona's return to the Orkney Isles and how she navigates recovery, strength and survival with help from the sea, the land and the people closest to her.

The film features a range of majestic Orkney locations, including Papa Westray, West Mainland and Hoy, that are the perfect destination for an autumn break or getaway. From the islands' rich history and heritage to mesmerising coastal seascapes, and a wealth of wildlife to spot, too.

Orkney casts a spell over all its visitors. Among them are popular tv presenter Lorraine Kelly. Lorraine tells us all about her favourite things to see and do while exploring this destination which holds a special place in her heart.

There are three ferry routes, with several daily sailings. Pentland Ferries from Gill's Bay to St Margaret's Hope, Orkney (one hour) is the quickest sailing, and the most environmentally-friendly passenger ferry of its type in Scotland, thanks to the new purpose-built catamaran MV Alfred.
