

Power company battery

Power company battery

From our Universal Battery(R) Sealed Lead-Acid (SLA) batteries to Lithium Iron Phosphate and custom-engineered smart Lithium-Ion batteries, UPG has established itself as a leader in the energy storage industry, providing dependable quality and performance for even the most challenging needs.

Whether it's powering a critical medical device or a home security system, UPG has proven to be a trusted partner in delivering energy solutions that truly make a difference.

Our collaborative approach, paired with value-added engineering expertise, state-of-the-art manufacturing facilities, and robust supply chain capabilities, creates a unique and customized partnership. This translates into greater operational efficiency, minimized financial risk, and an unmatched value proposition.

We are committed to balancing technological innovation with our clients' energy needs and project constraints, providing the safest and most effective power solutions for their applications.
