

Powertek Adjustable Solar Post Lights

Powertek Adjustable Solar Post Lights

These two adjustable energy-saving solar post lights provide super-bright illumination and boast a unique design with a stylish bronze finish. Ideal for lighting up driveways, patios, fencing and decking, the lights will fit any standard 4-inch fencepost but can also be adjusted to fit any larger post, making them completely universal. They are low maintenance and energy efficient, recharging during the day and then turning on automatically at dusk for added convenience.

From time to time orders can experience delays in courier networks. Due to this, we would strongly advise against booking any third parties to build / install your item until you are in receipt of your goods. Robert Dyas is unable to compensate for any costs to third parties.

In the UK you have a legal right, under the Consumer Contracts Regulations June 2014, to cancel your order within fourteen (14) days following your receipt of the goods. Refunds for orders cancelled under the provisions of the Consumer Contracts Regulations will be processed in accordance with your legal rights.

Under the Consumer Contracts Regulations June 2014 you have a duty to take reasonable care of Products whilst they are in your possession. You will receive a full refund of the purchase price of the Products.

This is not intended to be a full statement of your rights under the Consumer Contracts Regulations. Full details of your rights are available from your Local Authority's Trading Standards Office.

Contact our Customer Services team who will be able to arrange a collection for your item with the supplier. Please ensure that you provide your order number when contacting customer services.

If you are not at home when we try to collect we reserve the right to deduct from your refund or charge your credit card the direct costs to us of the failed return in accordance with the Consumer Protection (Distance Selling) Regulations 2000.
