

Prague solar energy for businesses

Prague solar energy for businesses

Solar Praha is an annual event that invites exhibitors to explore the latest developments in photovoltaic and solar energy. Held in the Czech Republic, the exhibition is the only one of its kind in the region. With the support of the International Trade Fair Roofs Prague, Solar Praha provides a unique opportunity for exhibitors to showcase their products and services to a wide audience.

The exhibition will be held at Beranovych 667, Praha 9, Letnany, Prague, Czech Republic. This location offers a convenient and accessible venue for exhibitors to showcase their products and services. The exhibition also provides an ideal platform for networking and connecting with industry professionals. Solar Praha is a great opportunity for exhibitors to gain exposure and create new business opportunities.

Solar Praha is the perfect event for exhibitors to discover the latest trends and developments in photovoltaic and solar energy. With its specialized focus, the exhibition offers an invaluable platform for exhibitors to showcase their products and services to a wide audience. Don't miss this opportunity to be part of the Solar Praha exhibition and make your mark in the photovoltaic and solar energy industry.

Everything we do is customised. Each of our solutions can be delivered separately or combined into a comprehensive package. We'll work closely with you to gain a complete understanding of your needs and develop a solution that's right for you.
