

Quickie Q300 M Mini Power Wheelchair for Teens

Quickie Q300 M Mini Power Wheelchair for Teens

Your order will be dispatched with a tracked delivery service so that you can follow your order once it's dispatched. Your order may require a signature upon delivery. The following prices are for orders to all UK mainland addresses additional charges apply to some non-mainland UK addresses.

Standard delivery: Free on orders over ?50 (excluding VAT) ?4.99 for orders under ?50. In stock items will arrive within 5 working days. Please note, your order may take up to 4 working days to be dispatched, please allow 5 working days before getting in touch for an update on your order.

Keeping up not just in terms of size, it also keeps pace with your teenager thanks to the compact 520mm width and 1120mm turning circle and true mid-wheel-drive, kerb climbing of up to 70mm (with 14" drive wheels), and travel up to 36km. With strong, efficient 4-pole motors it can tackle tricky terrain, and all-wheel independent suspension gives a smooth ride.

The Q300 M Mini for Teens has a specially designed seating system that is adjustable in width and depth - ideal if you need a narrow seat width that adjusts over time. This narrow wheelchair is great for manoeuvring in tight spaces, both indoors and outdoors, fitting easily into your teen's daily life.

Featuring plenty of power and styling options, this power wheelchair can be made to suit not just your teenager's individual requirements, but also their personality, with many different accent and frame colours and designs to choose from.
