

# Second hand batteries

## Second hand batteries

Our RENEW(TM) car batteries provide the same level of power as new batteries but at nearly half the cost, making them an exceptional value. We achieve this by utilizing advanced equipment and relying on our well-trained and experienced staff to recondition each battery to the highest standards. These reconditioned batteries, or RePowered batteries, are sold with a 6-month warranty, providing peace of mind and reliable performance.

Moreover, when you choose a RENEW(TM) battery, a franchise-trained specialist will handle the installation. This service includes a free auto electrical test to ensure your vehicle's electrical system is functioning correctly. If our experts detect any issues, they will advise you on the best course of action, all at no additional cost. We believe in sharing our knowledge to benefit our customers, and we take pride in offering this level of service.

In conclusion, At Battery Clinic, we are committed to delivering exceptional value and service. Our Sparky Service, always delivered with a smile, ensures you receive the best care and attention. Visit a Battery Clinic near you and experience the quality and reliability of our RENEW(TM) batteries for yourself.

Pick out second hand batteries for all makes and models of motorbikes. There are many different ones to pick from, allowing you in many cases to replace your battery with a genuine or aftermarket, working battery at a fraction of the price one would cost new!

A huge selection of thousands of second hand laptop batteries for all makes and models of laptops through the years. Search for compatible batteries using either the code found on the battery or the make and model of your laptop. You will find a huge range of genuine through to aftermarket batteries, but with great savings to be made as they are in used, but working condition!
