Solar panels ghana price

Our 400W model meets strict industry standards for quality and performance, featuring an anti-reflective coating, IP68 waterproofing, MC4 connectors, and a 120cm cable. This all-black model offers a sleek look for any roof.

With Voltanic, beauty and efficiency aren't just a first impression; they're a lasting commitment. A robust warranty backs every panel, ensuring that even after 30 years, your panels will still be generating energy at no less than 80% of their original power.

Peak Power Watts (Pmax): 400W Maximum Voltage (Vmp): 31.01V Maximum Current (Imp): 12.90A Open Circuit Voltage (Voc): 30.07V Short Circuit Current (Isc): 13.79A Cell Technology: Monocrystalline Cell type: 10MBB PERC Half-cut 2x 54 pcs (108 cells)

Voltanic panels can be installed on homes, tiny homes, motorhomes, campervans, boats, remote homes, tiny homes, summer houses, workshops, static caravans, stables and any outside building. You can mount them on your roof or on the ground.

Yes, all Voltanic panels will work with 12v battery systems. Note that our 400w panel has a high voltage so if you are thinking of buying this panel, you should use our MPPT controller for maximum yield. Contact us if you're not sure and we'll be happy to advise.

70-80% Output - Clear sky midday sun but with the panel laid flat.
50-65% Output - Thin cloud, or intermittent small clouds.
10-20% Output - Overcast sky or rainy conditions.

To determine the number of solar panels you require, it is important to first understand the power requirements of your system. Please read our short blog post [here](#) which will help you determine how much power you need. Contact us if you need a hand.

Solar panels rarely achieve their rated wattage in real-world conditions. Optimal performance requires 25°C temperature, peak sunlight, no obstructions, and perfect panel angle; conditions met simultaneously. Environmental factors typically reduce output. For practical estimates, 75% of rated wattage per peak sun hour is generally reasonable in most climates.
