

Solar panels made in ghana

Solar panels made in ghana

Gallagher is a family business that started life in the early 1930s. Starting with the revolutionary electric fence, Bill Gallagher Senior began to develop a range of farming products that would change the way their customers worked, making life easier and more productive.

The team at Gallagher work continuously to develop and re-design a wide range of farming products, aiming to satisfy customers' needs for quality and leading the industry in terms of innovation.

Can I track my delivery? Yes. If you provide us with a mobile number or email when you checkout we will send you information from our courier which allows you to track the progress of your parcel as well as other additional options as stated below.

In-flight delivery options Our courier will send you a 1-hour delivery window on the day of delivery and you have the option to change this if required at no extra charge or you can also let the courier know that you want the parcel left in a safe place.

Special delivery instructions If you have any special instructions for delivery, such as directions or where to leave your parcel, please include them in the 'special instructions' section at the checkout.

Bespoke design created by our in-house design team is tailored to benefit our clients to its fullest by reducing their costs, lowering their impact on the environment by reducing their CO2 emissions, and meeting their sustainability credentials.
