First time looking for an Air Conditioning Installer and not sure where to start? Tell us about your project and we'll send you a list of Air Conditioning Installers to review. There's no pressure to hire, so you can compare profiles, read previous reviews and ask for more information before you make your decision.

Connect the iQool18 to your home WiFi network and use your smartphone or home assistant to adjust temperature, fan speed, and more from anywhere. Schedule from your smart device or use the 24-hour timer to program cooling or heating to suit your routine, and get rooms to temperature ready for your arrival. Smart scheduling saves you money.

Perfectly sized for small to medium spaces like a home kitchen or bedroom, the SF8000E Slimline Portable Air Conditioner delivers unrivalled cooling performance and value in its class. Everything you need is included and it'll take you just 5 minutes to unbox and start cooling. As well as offering powerful air conditioning, this energy-efficient A-rated model is packed full of useful features including Air Conditioner, Dehumidifier, and Fan functions - With a 12-month hassle-free warranty for peace of mind.

Heatwave coming up? Don't sweat! This great value air conditioner boasts an impressive cooling capacity of 7,000 BTU, which is more than enough to cool rooms up to 20 sqm (215 sqft). It's also very efficient - 780W input with 2100W output!

Great for small rooms, caravans, boats, or where space is limited, the cooling fan function is perfect when you need to cool one part of your room - ideal for when you're on your own or don't want to waste time and money cooling unnecessary areas.
