We are always moving forward.

We used to engaged in indoor LED lighting, by a chance, we got an outdoor solar lighting project. Frankly speaking, we are not sure which solar LED street lights to buy. Most suppliers from China, they only ask us to place order without indeed helping us. But Clode is totally different, the company is really professional, their knowledge and suggestions for solar street lighting really helped us a lot. I want to visit the manufacture in China after 2020, and won more projects together.

By using Clode's solar LED street lights, my clients are very very pleased !!! As a sales manager, I can't let my clients down. The oldest project has already been running for around 5 years, no big problems occurred, especially for the brightness, these solar LED street lights still looks like they are brand new ones. We have established long term business relationship with Clode, and i hope we could earn more money together in the next 5 years.

Clodesun provides customized LED solar street light products for the customer. Our products cover all areas of solar street lights. Such as integrated solar street lights, all-in-one solar street lights, mini, home LED
