

# Solax X1 Boost G4 3 3kW Solar Inverter

## Solax X1 Boost G4 3 3kW Solar Inverter

With the Solax X1 Boost G4 Solar Inverter, you'll experience unparalleled efficiency thanks to the unit's extensive power range, enhanced intelligence, and compatibility setting it apart from the competition.

Investing in the Solax X1 Boost G4 means you'll get the extensive benefits of real-time monitoring and seamless configuration, which allow for smarter energy management. Plus, you can elevate your energy experience with dual MPPTs, a Global MPP scan, and I-V curve diagnosis for component detection, all of which deliver unmatched performance and convenience for a more efficient lifestyle.

The X-1 Boost G4 offers superior performance with its impressive DC input capabilities, including 200% oversizing, 16A current, and a 50V startup voltage, and its built-in global MPP scan ensures higher yield efficiency, maximising the inverter's output and reliability.

User-friendly monitoring is a key feature of the X1 Boost G4, providing 10-second level interval data updates when paired with a Wi-Fi dongle. Quick and easy configuration via Wi-Fi and a dedicated app make managing your energy system straightforward and hassle-free.

Safety and reliability are assured with the X1 Boost G4, which includes built-in type II SPD for AC/DC (optional). Additional safety options include external RSD and integrated DC AFCI protection, ensuring excellent protection for your energy system. The inverter also features a built-in expert control function for added security and control.

Adaptability is a hallmark of the X1 Boost G4, making it suitable for a variety of applications. Not only is it compatible with home EV chargers and heat pump solutions, but it also offers mass management and broad extension capabilities via Datahub. The master/slave parallel solution is supported via Modbus, providing flexible and scalable energy solutions for any need.

If you change your mind about the product when you receive it you can notify us any time within 30 days and return it for a full refund at your own cost. Any refunds will be made within 30 days of receiving your returned item. You are expected to cover the cost to return the item and your initial delivery charge will not be refunded.
