Sonnen solar battery manufacturers

In 2021, sonnen was once again one of the top PV brands in the "storage technology" category. The award is presented annually by the market research firm EuPD Research and is based on a survey of solar installers in Germany, Austria and Switzerland. Both the products offered and the purchasing process are assessed on the basis of brand ...

The ecoLinX home battery solutions are scalable from 12 kWh - 20 kWh in 2 kWh increments or in a single 30 kWh size to provide maximum flexibility and ensure that you can power what matters most in your home. Solar is not required for ecoLinX or Energy Automation.

The sonnenBatterie not only stores energy, it's smart. As an intelligent, backup-capable, energy storage system the sonnenBatterie can integrate into any existing PV system on the market. Gain your energy independence now and hedge yourself against future energy price increases.

The sonnenCore+ is a stackable indoor solution that offers up to 60 kWh of battery capacity. The sleek design combines intelligent energy management with safe and long-lasting batteries to efficiently manage your solar energy usage and provide an alternative to net-metering. Plus you keep your home powered and protected during grid outages.
